**TO WHOM IT MAY CONCERN**

Following on from the success of the inaugural Halloween on the Green Festival in 2017 it is with great pleasure that I once again give my support to this Community Event.

The Philanthropic Collective's commitment to eliminate the disparity between families by once again offering as many free activities to children as possible, including free carnival rides is commendable.

This is a true spirit of community that they like to spread. I believe their success on the day is never measured by how much money is raised, but by the joy that will be generated.

The Halloween on the Green Festival provides a platform to unite local schools, local organisations and businesses, while providing an opportunity for artistes and musicians to participate in their local community.

It proves that we can still raise much needed funds for our local schools without money being the focus while providing a child safe, creative, and enjoyable family event for the Hills community.

Congratulations to The Philanthropic Collective for once providing so much good will once again.
