

Sassafras Pre-School

4th June 2018

To the Philanthropic Collective re Halloween on the Green,

Sassafras Pre School once again are very excited to be part of this wonderful community event.

At our preschool we have a strong focus on community involvement. We aim to foster an environment of mutual support, sharing and caring, both within our preschool and extending to the wider community.

This amazing community event provides a unique opportunity to meet all of our aims

We can work together within our preschool community -involving the children and the families to resource and help organize this exciting day.

Together with Sassafras Primary School, Ferny Creek Primary school, Sherbrooke Community School, the Home Schooling Group and the Philanthropic Collective and local businesses we can plan, resource and work together as a team to support this exciting event.

How lucky are we to once again have this opportunity-lets all embrace and enjoy what this special community event has to offer.

yours sincerely

Debbie Haberfield

Director
